

RESIN WEAVE RANGE

This Weave collection of furniture is has been manufactured specifically for the middle market sector in 2 weaves of either 7mm flat weave or 5mm half-moon profiles and has been hand woven around an Aluminium frame. All our seat cushions are boxed and double piped, the sumptuous back cushions on the lounge sets gives the finishing touches for an ultimate look for any setting. The table tops are fully woven over a PVC under board to prevent weave sagging in extreme temperatures and finished with an 8mm Glass Plate on all dining tables.

Bullet Points for Range:

- Aluminium Frames
- Hand woven furniture
- UV Resistant
- Powder coated paint frames to protect against the elements
- Double piped boxed seat cushions
- Cushion covers are zipped for ease of removal for cleaning purposes
- All Cushions are Fire Retardant
- Glass Tops for easy cleaning
- Toughened Safety Glass
- Easy Clean furniture (see Maintenance notes below)
- 2 year manufacturers guarantee (Domestic Use Only).

The furniture can be cleaned using a soft brush and a bucket of warm soapy water to remove any dirt and rinsed down with clear water. The glass can be polished with any suitable glass cleaner and soft rag. Trivets / placemats should be used on all tables to help protect the surface from being scratched and will help to prolong the look and newness of the product. Cushions are zipped for ease of removal to en-able the fabric to be hand washed or dry cleaned.

ALWAYS:

- Use a trivet to protect the glass surface from Hot or extremely cold pans and dishes
- Clean off any spillages to the cushions using a damp sponge or cloth to prevent any staining / permanent damage

NEVER:

- Place hot dishes or plates directly onto the Table surface
- Use a power washer to clean the furniture
- Stand on the tables
- Sit in the chairs with a knife or sharp instrument sticking out of your pocket as this can cut or tear the fabric or weave which will result in irreparable damage
- Leave spillages to remain on the fabric as these may stain and become a permanent mark
