

CAST ALUMINIUM

A traditional furniture range, that will always stay the test of time. Manufacturing the furniture with a combination of Aluminium cast and Aluminium extrusions makes this a medium weighted product for most consumers to handle. With the contours designed for elegance and the double piped boxed cushions gives the ultimate comfort in traditional garden dining. With a range of 3 colour paint finishes (Traditional Bronze, Pale Cashmere and the NEW Verde Antique) that will suit most garden setting. With an array of table sizes and designs to cater for the intermit tea 4 two to the grand 8 seat sets make this range for all family sizes. All the chairs from this range are stackable for ease of storage and all have the adjustable feet for uneven surfaces.

Bullet Points for Range:

- Aluminium Frames with Cast seat & Back insert
- Powder coated paint finish in Traditional Bronze, Pale Cashmere or Verd Antique
- Stacking chairs for ease of storage
- Contoured seat & back for ultimate posture support
- Adjustable feet on both tables and chairs for uneven floor surfaces
- Suitable for all-weather durability
- Easy Clean (see Maintenance notes below)
- 2 year manufacturers guarantee (Domestic Use Only).

The Cast Aluminium range can be cleaned using a soft brush and a bucket of warm soapy water to remove any dirt and rinsed down with clear water. Trivets / placemats should be used on all tables to help protect the surface from being scratched and will help to prolong the look and newness of the product.

ALWAYS:

- Use a trivet to protect the table surface from Hot pans and dishes
- Clean off any spillages to the cushions using a damp sponge or cloth to prevent any staining / permanent damage

NEVER:

- Place hot dished or plates directly onto the Table surface
- Use a power washer to clean the furniture
- Stand on the tables
- Sit in the chairs with a knife or sharp instrument sticking out of your pocket as this can cut or tear the cushion fabric which will result in irreparable damage
